PROFESSIONAL SUMMARY

Certified Network Engineer (MTCNA, MTCRE) and MikroTik Academy Trainer with hands-on experience in office network infrastructure deployment, routing configuration, VLAN segmentation, firewall implementation, foundational cybersecurity practices, IP-based CCTV integration, and Linux server administration. Strong in LAN/WAN design, bandwidth optimization, and Layer 1-7 network troubleshooting. Experienced in delivering real-case network implementation and infrastructure management aligned with industry standards.

CERTIFICATIONS

MikroTik Certified Network Associate (MTCNA)

MikroTik | Oct 2025 - Oct 2028

MikroTik Certified Routing Engineer (MTCRE)

MikroTik | Oct 2025 - Oct 2028

MikroTik Academy Trainer

MikroTik | Nov 2025 - Nov 2028

Network and Infrastructure

BNSP | May 2026 - May 2029

Software Development

BNSP | Mar 2023 - Mar 2026

CompTIA CySA+ (CS0-002)

Cybrary | Jan 2024

TECHNICAL SKILLS

NETWORKING

Routing & Switching (Static, OSPF, Policy Routing), NAT, Firewall Filtering, VLAN & Inter-VLAN Routing, VPN (PPTP, L2TP, SSTP, Site-to-Site), QoS & Bandwidth Management, IP Address Planning, Network Segmentation, LAN/WAN Deployment, Wireless Networking, Layer 1-7 Troubleshooting

MIKROTIK

RouterOS Configuration (CLI & Winbox), OSPF Implementation, Firewall Hardening, Traffic Monitoring & Logging, Tunnel & VPN Integration

LINUX SYSTEM ADMINISTRATION

Debian/Ubuntu Administration, Web Server (Apache/Nginx), Database Server (MySQL/MariaDB), Proxy Server (Squid/Nginx Reverse Proxy), DHCP & DNS Server (BIND9), File Sharing Server (Samba), Mail Server (Zimbra), SSH Remote Management, System Automation (Cron/Shell Scripting), Backup & Recovery, Virtual Machine Deployment, Server Hardening

CYBERSECURITY

Network Security & Hardening, Firewall & Access Control, Vulnerability Assessment, Basic Penetration Testing, Backup & Disaster Recovery, Phishing & Social Engineering Awareness, Incident Response Fundamentals

NETWORK MONITORING

Zabbix Deployment, SNMP Monitoring, Traffic & Bandwidth Analysis, Dashboard & Alerting (Grafana)

INFRASTRUCTURE

Structured LAN Cabling (UTP Termination & Testing), Network Topology Design, CCTV Installation & Integration, Hardware Installation & Maintenance, IT Asset Handling

WEB DEVELOPMENT

HTML, CSS, Basic JavaScript, PHP Native, Laravel, MySQL

SOFT SKILLS

Public Speaking & Presentation, Teaching & Knowledge Transfer, Problem Solving, Effective Communication, Independent & Team-Based Technical Work

WORK EXPERIENCE

Network Engineer | IT Trainer

SMK Dewantara - Bogor, Indonesia | January 2024 - Present | Full-time

Designed and maintained school network infrastructure, including a MikroTik-based routing environment and Linux servers; delivered hands-on technical training in routing configuration, VLAN setup, firewall filtering, and NAT; developed network learning modules aligned with industry standards; led the IT Network Administrator program focused on real-world infrastructure implementation.

Computer Technician

True Techno Cibinong - Bogor, Indonesia | March 2019 - October 2023 | Freelance

Handled computer, laptop, and network repair; operating system installation (Windows & Linux) and software installation; hardware component replacement and upgrades; direct troubleshooting of software and hardware issues.

Data Entry Admin

DPR RI (House of Representatives) - West Jakarta, Indonesia | August 2022 - November 2022 | Internship

Supported Commission IV members of DPR-RI in preparing study materials on Agriculture, Environment, Forestry, and Maritime topics.

IT Support Technician

Indonesia Defense University - Bogor, Indonesia | January 2019 - April 2019 | Apprenticeship

Placed at Pustekom to assist with maintenance, repair, and optimization of computer networks at the Postgraduate Faculty of Defense Technology building.

EDUCATION

Bina Sarana Informatika University

Information Systems | September 2020 - August 2024 | GPA: 3.89

AWARDS

Mentor Certificate - IT Network System Administrator Category

Mentor for Student Competency Competition at Vocational High School level, KCD Region 1 Bogor Regency | January 2026

Best Teacher Performance Assessment (PKG)

Category: Communicative and Easy-to-Understand Language Use; Orderly and Effective Classroom Management | January 2025

CORE STRENGTHS

Network Infrastructure Deployment | Routing & Security Implementation | Network Monitoring & Troubleshooting | Linux Server Administration | Cybersecurity Fundamentals | IT Training & Knowledge Transfer | Independent & Team-Based Technical Work
